Governance

Mortality ratios must not be misused
(Edited, warning - in the light of errors at Mid-Staffordshire - of the dangers of relying too much on any single performance indicator)

Mid-Staffs: lessons from history

Mandatory registration for healthcare assistants
Entwistle, F. Nursing Times, 2013, vol. 109, no. 10, p. 25

The Francis report, medicines management, and better practice
Anguita, M. Nurse Prescribing, 2013, vol. 11, no. 3, p. 110-113

Let’s do no harm: medication errors in nursing: Part 1

Interruptions are significantly associated with the frequency and severity of medication administration errors

Science and intuition: do both have a place in clinical decision making?

Using resource modelling to inform decision making and service planning: the case of colorectal cancer screening in Ireland

A depression screening tool finds that 54% of acute cardiac patients are at risk of depression; use of the tool improves documentation and referral

A three-step critical pathway for community-acquired pneumonia reduces duration of hospital stay and intravenous antibiotic use by 2 days
Peyrani, P. Evidence-Based Nursing, 2013, vol. 16, no. 2, p. 48-49

Note: Some full text will be available via the HONNI website - log on to www.honni.qub.ac.uk

Workforce (continued)

Doctors’ contracts: change will affect nurses too
Peate, I. *British Journal of Nursing*, 2013, vol. 22, no. 4, p. 197

Cost effectiveness of telehealth for patients with long term conditions (Whole Systems Demonstrator telehealth questionnaire study): nested economic evaluation in a pragmatic, cluster randomised controlled trial

Implementing positive changes (on the impact of the Productive Series)
Boam, S. *Nursing Times*, 2013, vol. 109, no. 11, p. 29

The advantages of being Productive
Special report, *Nursing Times*, 2013, vol. 109, no. 11, p. 30-32

Leadership

Redefining the ward sister role to boost frontline care
Godfrey, K. *Nursing Times*, 2013, vol. 109, no. 9, p. 20

Learning through experience
In the wake of the Francis report, explores what kind of leadership programmes should be used to ensure a safer future for the NHS

Impact of a team and leaders-directed strategy to improve nurses’ adherence to hand hygiene guidelines: a cluster randomised trial

Advancing Practice: from staff nurse to nurse consultant. Part 5: Leadership

When it doesn’t work: failure leadership in healthcare

Harnessing loneliness in leadership
Hamman, S. M. *Nurse Leader (US)*, 2013, vol. 11, no. 2, p. 54-56

*Please note that NIPEC is not responsible for the content of external internet sites*
Nurse levels link with death rates
Lintern, S. *Nursing Times*, 2013, vol. 109, no. 10, p. 2-3

Higher nurse staffing levels associated with reductions in unplanned readmissions to intensive care or operating theatre, and in postoperative in-hospital mortality in heart surgery patients

Study of 23 advanced-practice nurses suggest that their ability to facilitate evidence-based practice among frontline nurses is influenced by their personal attributes, relationships with stakeholders, responsibility and workload and organisational context
van Soeren, M. *Evidence-Based Nursing*, 2013, vol. 16, no. 2, p. 60-61

Our nurse-led approach to productivity must live on

What is a nurse? Is there an international consensus?

What's in a name? The importance of definition and comparable data
Baumann, A. *International Nursing Review*, 2013, vol. 60, no. 1, p. 75-77

Reflecting on the meaning of true nursing quality
Billington, T. *British Journal of Nursing*, 2013, vol. 22, no. 4, p. 241

Lived experience of being a nurse from a male and female perspective
Rowlinson, L. *British Journal of Nursing*, 2013, vol. 22, no. 4, p. 218-222

Generational diversity: what nurse managers need to know

Multiple generations in the nursing workplace: Part I

Promoting culturally competent care: the Erasmus exchange programme

The effect of fluency in English on the continuing professional development of nurses educated overseas
Terry, L.M., Carr, G. & Williams, L. *Journal of Continuing Education in Nursing*, 2013, vol. 44, no. 3, p. 137-143

A comparison of survey methods in studies of the nurse workforce

Please note that NIPEC is not responsible for the content of external internet sites
Education/Development (continued)

Skill maximisation: the future of healthcare

Talent management, the next frontier: retaining, nurturing, and growing our workforce

An interprofessional team approach to tracheostomy care: a mixed-method investigation into the mechanisms explaining tracheostomy team effectiveness

Bullying in nursing and ways of dealing with it
Lowenstein, L.F. *Nursing Times*, 2013, vol. 109, no. 11, p. 22-25

Role of careers advisers in nurse recruitment
How influencing careers advisers’ perceptions of the nursing profession can help attract high calibre candidates

Nurse numbers could plummet by 63,000, say government advisers

Care in local communities: a new vision for district nursing
Glasper, A. *British Journal of Nursing*, 2013, vol. 22, no. 4, p. 236

Technology streamlines district nursing work
Dean, E. *Nursing Management* (Harrow), 2013, vol. 19, no. 10, p. 8-9

Policy/Strategy

We will stand by you if you speak out when things are going wrong
Cameron, D. *Nursing Times*, 2013, vol. 109, no. 9, p. 7

Why soft drink taxes will not work

When one size doesn’t fit all
It’s only by recognising the diversity of our populations, and ensuring equal access to services and equal health outcomes that we will reduce health inequalities

Education/Development

Clinical skills education for graduate-entry nursing students: enhancing learning using a multimodal approach

Role modelling and students' professional development
Felstead, I. *British Journal of Nursing*, 2013, vol. 22, no. 4, p. 223-227

Advancing Practice: from staff nurse to nurse consultant. Part 4: clinical supervision
Fowler, J. *British Journal of Nursing*, 2013, vol. 22, no. 4, p. 240

Assisting nurses to facilitate student and new graduate learning in practice settings: what 'support' do nurses at the bedside need?

Delegating and supervising unregistered professionals: the student nurse experience

Placements: stepping stones to excellent care

Integrating quality improvement into pre-registration education

The strategic role of education in the prevention of medication errors in nursing: Part 2

The internet as a medium for health service research. Part 1
Walker, D. M. *Nurse Researcher*, 2013, vol. 20, no. 4, p. 18-21

The theorist-practitioner gap: bringing the two sides closer together
Gardner, L. *Mental Health Practice*, 2013, vol. 16, no. 6, p. 12-16

Focus groups interviews. Part 3: analysis
Doody, O. *British Journal of Nursing*, 2013, vol. 22, no. 5, p. 266-269

The effect of continuing professional education on perioperative nurses’ relationships with medical staff: findings from a qualitative study
Tame, S. L. *Journal of Advanced Nursing*, 2013, vol. 69, no. 4, p. 817-827
Education/Development (continued)

How patient beliefs affect adherence to prescribed medication regimens

The pursuit of excellence and innovation in service user involvement in nurse education programmes: report from a travel scholarship

Identifying patients for insulin pump therapy

The importance of measuring blood pressure in mental health care
Pegram, A. & Bloomfield, J. Mental Health Practice, 2013, vol. 16, no. 6, p. 33-36

Incidence of eating disorders in the UK: findings from the UK General Practice Research Database

Excess maternal weight gain during pregnancy is associated with overweight/obesity in offspring at age 16 years, but maternal pre-pregnancy obesity has a greater effect
Reynolds, R.M. Evidence-Based Nursing, 2013, vol. 16, no. 2, p. 43-44

Dietary approaches to promote bone health in adults
Ruxton, C. Nursing Standard, 2013, vol. 27, no. 28, p. 41-49

Essential information about patterns of victimisation among children with disabilities
Hamby, S. & Grych, J. Evidence-Based Nursing, 2013, vol. 16, no. 2, p. 50-51

Sleep position does not appear to influence the risk of extreme cardiorespiratory events in vulnerable infants

The assessment and management of falls in residential care settings

This new issue now online: articles are based on some papers presented at 2012 Enhancing Practice Conference in Sydney, Australia and the CARN Practice Development/Action Research Conference in Kent, England
